HAWAIIAN YOUTH SHOOTS HIMSELF

Last Thursday morning, William Kealakai, a young Hawaiian known to his intimates as "Makua-ole", living in a house mauka of the rice mill near Nawiliwili, shot himself with a revolver in the mouth, was rushed to the hospital, successfully treated and will recover, unless unexpected complications set in. He is now conscious, cheerful and seems to be recovering.

It is stated that Kealakai had had some difference with the natives owning the house in which he lived over the matter of money for rent; and upon returning to the house in the forenoon it was to find himself locked out. He sat on the veranda for awhile, and soon after the Hawaiians living some 75 yards in front heard the report of a pistol.

Running to the place they found Kealakai lying upon his back on the floor of the veranda, a 32-calibre revolver on his breast, and apparently dead. They notified Deputy Sheriff Ellis, who lives across the field on the Nawiliwili side; and Ellis notified the Sheriff and Dr. Putman.

The natives all thought the man was dead, but when Dr. Putman arrived he immediately discovered that such was not the case, and the patient was taken in a wagon to the hospital.

Kealakai was employed by Chas. A. Rice, on Lihue branch, until a month ago when he went to the hospital for treatment for a bad case of grippe. While there the woman with whom he had been living was brought in and died a short time later of hemorrhage. That same day Kealakai left the hospital.

Kealakai was in bad financial circumstances and lately had borrowed money from several persons around Lihue and Nawiliwili. This state of things, added to that of the death of his friend and his own impaired health, undoubtedly occasioned the attempt at self-destruction.

IODINE IN EYE IN PLACE OF ARGYROL

Rev. J. M. Lydgate met with a couple of unusual mishaps last week as a result of which he was in the Lihue hospital for two days and left on Saturday for Honolulu for treatment by an eye specialist.

He first injured a finger so badly as to put his hand temporarily out of commission. Then he started to put some argyrol in his eye, and by mistake used iodine instead. Persons familiar with the latter preparation will readily understand what happened, and those not familiar with it may be assured, without further experiment, that the sensation is not agreeable.

At the hospital the eye was treated with hot bandages and otherwise to remove as much of the drug as possible. The burning ceased after a time, but treatment of the eye by an expert was deemed desirable.

From Honolulu Mr. Lydgate will leave, probably on June 5, for San Francisco, and will join Mrs. Lydgate, who has been visiting for some weeks at Colton, Cal. They will return to Lihue later in the summer.

James von Ekekel, committee, has issued a large number of invitations to a rally of the Christian Endeavor Societies of the island to be held at Koolau on Sunday, June 13. There will be quite an elaborate program of exercises, to be followed by a luau.

A NARROW ESCAPE FROM DROWNING

Mrs. E. O. Thurtell, Lihue, had a narrow escape from drowning in the river at Niunulu last Wednesday afternoon.

She, with Mrs. Trowbridge, Charlotte Coney and two children had been wading in the shallow water of the bay near by. Miss Charlotte went swimming up the river a little way and presently was followed by Mrs. Thurtell, who, however, could not swim. Near the embankment opposite the Coney residence Mrs. Thurtell stepped off into deep water and sank.

Hearing a scream and noting the situation, Miss Charlotte, who was too small to risk being drawn under the water, made for the shore, got a boat and pulled rapidly to the struggling woman, who had, by that time, it is claimed, gone down several times. The girl succeeded, from the boat, in getting a good hold upon Mrs. Thurtell.

In the meanwhile Hon. J. H. Coney, who was in his house, heard a scream, ran out and, taking in the situation quickly, jumped into the water, with his clothes on, and swam to the scene, reaching Mrs. Thurtell just after his daughter had taken hold of her. The work of rescue was then a matter of only a few minutes.

Mrs. Thurtell, whose nerves were considerably jarred by the experience, spent the night at the Coney residence and was taken home Thursday morning.

LIHUES BEATEN BY THE JAPANESE

A rickety baseball game was pulled off by the Lihues and Japanese on the grounds of the former Sunday afternoon, enough errors being made by both sides to fill a score book. However, the big crowd seemed to enjoy it, and there was rooting in plenty.

The Lihues started out with Toma in the box, but he proved too slender, letting the Japanese in for three runs in the first innings and three in the third. C. Kuhlmann was then put in the box, and after that the J. A. C's did not get a man over the place.

The Japanese were far and away in the best baseball form, but were rather light for their opponents, who, with proper training and practice, would doubtless have had a walk over.

The score by innings was as follows:

	1	2	3	4	5	6	7	8	9	Total
Lihue	0	1	0	0	0	0	0	2	3	
J. A. C's	3	0	3	0	0	0	0	0	x	6

PUTMAN'S TO TOWN

Dr. and Mrs. F. L. Putman left by the Kinau Saturday afternoon for Honolulu, being summoned by wireless to the bedside of Mrs. Putman's father, Rev. F. W. Damon, who is seriously ill.

Mr. Damon's trouble is of a stomachic character. Some years ago he suffered much of a head trouble, but had entirely recovered from that.

During the absence of Dr. Putman, Drs. Waterhouse and Hoffmann are looking after the hospital and such calls as develop in Lihue. Dr. Putman hoped when he left to be back tomorrow.
